

HomeXperts™
your local letting & sales agent

Local Area Guide

Harrow

Welcome..

As your local estate agent, we thought it might be quite nice to introduce ourselves and share some of our local knowledge.

Harrow is home to a University of Westminster Campus and is widely known for Harrow School.

Due to the excellent transport links to the city and the very good state and independent schools, Harrow provides a great location to nurture a family, while being able to work in the city.

The open spaces, great shopping and eating out mean that many young families chose to live here. In fact the "Mount Stewart catchment area" always has a premium on property that falls into it. The school itself is one of the major attractions to the area.

HomeXperts are a new and vibrant agency who are changing the face of the traditional estate and letting agency. We will offer a superior service to all of our clients using state-of-the-art systems and processes with links to all the leading portals such as Rightmove, Zoopla and Globrix.

We have a love of property and have been managing our own successful property portfolio for over 10 years now, so it seemed like the natural next step to follow up this passion in a more formal way by setting up our own estate and letting agency.
